

JAPS COMPEL SURRENDER

Russian Division Out of Medicines After Battle Asks Truce in Vain--St. Petersburg Pleased With U. S.--Plenipotentiaries Meet Today.

St. Petersburg, Aug. 4.--Newspapers generally express satisfaction with the cordial reception received by M. Witte in the United States, in which public opinion has been painted as being favorable alone to Japan. More optimism regarding the chances for the successful outcome of peace negotiations is manifested.

Washington, Aug. 4.--The Japanese legation to day received the following report on the surrender of the Russians at Hamdasa, July 31st:

"The Sagami army reports that an independent cavalry force attacked and routed the enemy south of Palm on the afternoon of July 28, capturing two field guns, besides ammunition, weapons, rifles and stores."

"On July 29 the force co-operating with reinforcements gave hot pursuit to the enemy south of Teuren. At 5 a. m. July 30th the enemy's paroliers came to Teusin with a message from Gen. Liapinov, military governor, addressed to the commander of the army, stating that lack of materials and medicines made it impossible to treat the wounded, and compelled him out of humanity to ask cessation of hostilities."

The commander of the army replied that all military stores, all movables and immovables belonging to the government, and all documents concerning administrative and military matters be delivered to him, and that reply to the above should be sent to Hamdasa by 10 a. m.

"On July 31, a Russian delegate, Col. Tribiti, came to Hamdasa, and after a conference with our delegate, Gen. Koidzumi, accepted our conditions in toto. Lipinov with about 70 officers and 3200 men surrendered, and are held as prisoners."

Battle Expected. Tokio, Aug. 4.--It is reported that the advance guard of the hostile forces south of Tumen are within rifle range. An early conflict is regarded as inevitable.

Arrangements for Today. New York, Aug. 4.--The Russian and Japanese plenipotentiaries and suites will leave New York tomorrow morning, the Japanese at 9 o'clock and the Russians at 10 o'clock. They will not meet until they reach here and are formally presented to the president.

President Roosevelt will go aboard the Mayflower at 1 o'clock. As soon as his flag is displayed the Japanese plenipotentiaries and suite will proceed to the Mayflower on launches.

Such exchanges as may be made at the time will be purely informal. In turn the envoys and other officials of the special mission will be presented to guests of the president on board ship.

At conclusion of this ceremony the Russian plenipotentiaries will board the Mayflower and in the same formal manner be received and presented to the president.

Shortly after luncheon President Roosevelt will take leave of the envoys and will return to shore.

MILWAUKEE SENSATION

Millionaire Pfister Indicted for Alleged Embezzlement

Milwaukee, Wis., Aug. 4.--Charles F. Pfister, one of the wealthiest citizens of Milwaukee, was indicted by the grand jury of Milwaukee county today, charged with stealing \$14,000 belonging to the Wisconsin Rendering Company.

An indictment was at the same time returned against State Senator Barney Eaton and three others for bribery. The indictment against Pfister alleges the accused had \$14,000 deposited with him for the purpose of obtaining for the company a valuable contract from the city of Milwaukee for disposing of garbage. If not used the money was to be returned to the company. It is charged that the money was not used and that Pfister converted it to his own use. He issued a statement tonight declaring the charges are false.

Tonight's batch of indictments makes the total number so far returned 153.

NITRO GLYCERINE FIRE.

Eddyville, N. Y., Aug. 4.--The nitro glycerine house of the Nitro Powder Company at Mingo Hollow, near here, caught fire this afternoon. Collapse of the roof exploded stored nitro glycerine, destroying the structure.

Men employed in the nitro glycerine department ran from the building when the fire started, and all escaped injury except one man, who was slightly hurt.

SANTA FE WRECK.

Pasadena, Cal., Aug. 4.--Santa Fe local train No. 41, loaded with passengers from San Bernardino and Redlands, was wrecked within a few hundred yards of the station in this city today. Two persons were injured. Dirt piled on the track at Union street by workmen grading the street caused the engine to leave the track.

Money and Metals.

New York, Aug. 4.--Lead, steady, \$4.69 to \$4.70; copper quiet, 10 3/8 to 12. Money on call, easy, at 2 per cent. Prime mercantile paper, 4 to 4 1/4. Silver, 59 1/8.

GAMBLERS GIVEN CHASE

Chicago Police Prevent Evasion of Law on Lake

Chicago, Aug. 4.--Gamblers intent upon playing the races, and policemen determined to prevent all race track betting on the high seas, furnished today on Lake Michigan a unique and spectacular gambling raid. The police and gamblers raced around the lake, first into Michigan waters, then close to the shores of Indiana, the one seeking escape, and the police determined to capture them at all hazards.

The net results of the day for the police were the capture of fourteen weary marine gamblers who floated ashore at South Chicago, in a launch. All the others, after a hot chase by the police in a lumbering tug, escaped to Indiana harbor, Indiana, and made their way ashore outside the jurisdiction of the Chicago police.

TRAMP WITH GOLD WATCH.

Excited "Uncle Sam's" Doubts--The Tramp Put Under Arrest.

A typical tramp entered the pawn shop of "Uncle Sam" on Main street yesterday afternoon and offered a gold watch for sale. The pawnbroker could not make the watch and the tramp connect to his own satisfaction. On a hurried pretext he stepped outside and sent word to Constable White. While waiting for the officer he held the tramp in the store. On arrival of the officer the tramp said he had found the watch in the street. The excuse was not sufficient to prevent his being locked up pending further investigation of the matter. The man gave his name at the jail as Harris. It is the supposition that the watch was stolen from some room about town. Anyone out a watch can find the one the tramp had at the office of Justice Murphy.

DESPERATE NEGRO KILLS AND IS KILLED.

Lewisville, Ark., Aug. 4.--After killing two persons, seriously and probably fatally shooting two others, one a woman, and less seriously shooting two others, Ike Kinney, a desperate negro, was killed in the river bottom at Doella, six miles south of Lewisville, at noon today, by citizens who had surrounded him.

GAIN IS MADE BY MEN

Railroads Unable to Keep Few Trains Operating on Schedule

St. Paul, Minn., Aug. 4.--Although conditions approaching a tie-up have not yet developed as a result of the strike of the telegraphers on the Great Northern and Northern Pacific railroads, increasingly serious delays are being caused in moving traffic.

Tonight the effect of the strike is becoming manifest in moving passenger trains, which the officials by strenuous efforts have been able so far to keep practically on schedules. Information given out at the union station at St. Paul shows that while nearly all the morning trains on both roads were on time at midday the afternoon trains have been coming in at all hours.

St. Paul, Minn., Aug. 4.--Both sides in the Northern Pacific & Great Northern railway telegraphers' strike are making claims that they are gaining.

President Perham, of the union, says that the men are remaining loyal to the union cause and are winning over men who at first refused to go out.

On the other hand General Manager Horn, of the Northern Pacific, says he will have every vacancy filled before the end of next week and is quoted as saying today: "We are getting men from all parts of the country."

NO TIE UP AS YET

Railroad Officials Still Claim Confidence--Likewise The Telegraphers

CHAPPO GETS RESPITE

Gov. Kibbey Grants Same on Affidavits Charging Perjury

Phoenix, Aug. 4.--Gov. Kibbey yesterday afternoon granted a respite of thirty days in the case of E. Eradie, the Mexican under sentence of death and execution set for August 11 at Tombstone.

Eradie is better known as "Chap-po." The governor granted the respite on the representation of District Attorney Tom Flannigan, of Cochise county, who had been employed to defend Eradie before his term of office as prosecutor began on the first of last January.

Flannigan presented affidavits in substantiation of the charge that two of the witnesses who testified for the prosecution when the case was tried had committed the crime of perjury.

In addition to the plea of Flannigan the widow of Arthur Wright, the victim of the murder for which Eradie was convicted in the Cochise county district court and sentenced to be hung, wrote a letter to the governor, asking for the respite, stating that she desired to make an investigation of the perjury charge.

The order granting the respite was mailed yesterday afternoon from the governor's office and should reach the sheriff's office in Tombstone today.

The people of Cochise county are familiar with the history of the crime for which Eradie was convicted and sentenced to death. Arthur Wright, constable and deputy sheriff at Pearce was murdered at Black Diamond camp more than a year ago, by some Mexicans, who were implicated in a strike at the Black Diamond mining camp. Wright went to the camp in his official capacity for the purpose of quieting the disturbances which had arisen there in connection with the strike. The officer arrested several Mexicans and locked them up in a room from which, however, they were released soon afterwards and in a short time three Mexicans appeared at the house where Wright was stopping and as he appeared in the door he was shot to death.

Sheriff Hunt, of Cochise county, had already made preparations for the execution of Eradie on next Friday, a been sent to those who were desired to week from today and invitations had been present at the execution as witnesses.

DIAZ PUTS ON THE LID

Every Mode of Gambling is Stopped in City of Mexico

Mexico City, Aug. 4.--Mexico City has followed the example of El Paso and has shut out gambling.

August 1 saw the end of the poker dens, billiard "academies," cock pits and other gambling places that have been an ulcer in the community, says the Herald. The gambling spirit had been so prevalent and so many games of chance were being run clandestinely that the experiment was tried of having the gambling done in open fashion and under the surveillance of the authorities. The experiment now closes and gambling houses are done away with for good and all.

A recent decree signed by the president of the republic ordered that all such places in the federal district be closed on August 1, unless their licenses are renewed, and as the governor of the district, Senor Guillermo de Landa y Escandon, announced that no such renewals would be made, the professional gamblers closed down at midnight on August 1.

Paris, Aug. 4.--Information from Fez reaching official quarters shows that the Sultan of Morocco, who first proposed an international conference, now fears that discussion among the powers will result in dismemberment of his empire.

He therefore today called an assembly of chiefs, who formally decided that outside interference in Moroccan affairs was not necessary. The Sultan has since shown opposition to holding of the conference.

Supt. Making Success--Supt. H. F. Berner of the Industrial School, at Benson, is meeting with great success in his brick experiments. The second mill has been started and the cadets at the institution are now making 3,000 bricks a day. The bricks are of much better quality than the first kiln. The roof of the main building of the school is being painted by the cadets.

MRS. SAVAGE IN JAIL

Coroner's Jury Finds that She Killed Her Husband

As a result of the frightful tragedy in Upper Tombstone canyon Thursday night, whereby Healy Savage came to death at the hands of his wife, the latter occupies a cell in jail under charge of murder preferred by Special Officer Charles Thomas. Today it is probable that another warrant will be made out calling for the arrest of Amos Stone, the woman's son, as accessory to the murder. Issuance of this warrant was considered yesterday, but was deferred.

Coroner Murphy yesterday afternoon assembled his jury and held inquest over the body of the murdered man. The jury found at the close of the inquest that death was due to gunshot wounds made by a gun in the hands of Mrs. Savage. No other verdict was possible after hearing of the story of the woman, which was identical with that given by her to the Review yesterday morning, with exception of addition of some further details of the trouble she alleges Savage had been making for her during recent months.

Mrs. Savage was entirely composed while telling her story before the coroner, and was apparently little disturbed by her situation. When taken from before the coroner to jail she was told by the officer who locked her up that he regretted that he had to do so. "Never mind about that," she replied. "When there is occasion for it I can be just as nery as any of them."

The coroner's jury which served yesterday was composed of Walter Goslin, S. L. Brown, E. M. Miller, Jacob Fletcher, Thomas De Vere and W. W. Brown. The court room was packed and the street outside filled when the case was taken up. S. K. Williams was present in the capacity of attorney for the woman, while Assistant District Attorney Flannigan was present by invitation from the justice to direct questioning in the case. Early in the proceedings the attorneys crossed arms and the coroner, under the common law providing against unseemly conduct at inquests, took matters in his own hands, shutting both attorneys from further participation in the proceedings before him. The action created a decided stir. The point at issue between the attorneys was the right of the assistant district attorney to conduct cross-examination of witnesses, Mr. Williams maintaining that the first place that might be done was at the preliminary examination and not before the coroner.

In testimony that was introduced it was made plain that trouble had been expected by Mrs. Savage and her son on the return home Thursday night of Savage, and that they had prepared

BOYS SLAY A FRIEND

Youthful Murderer at Oakland Makes Confession

Oakland, Cal., Aug. 4.--Percy Pembroke, one of a trio of boys who were under arrest and charged with the murder of T. W. Cook, has made a full confession. In his cell today the sixteen-year-old boy broke down and told Sheriff Barnett the full story of the crime.

Three boys, all under 17 years of age, deliberately planned to hold up their friend and acquaintance, Thomas W. Cook. They lay in wait for him armed with bludgeons of lead pipe.

When Cooke appeared, Pembroke declares, Baker stepped behind him and dealt him a stunning blow with the pipe. Cooke fell and Pembroke ran from the scene of the crime, leaving his companions, John Snelder and George Baker, to complete the robbery. Pembroke exonerates Crowhurst, one of the suspects.

Berlin, Aug. 4.--The French government some time ago expressed the wish that the bones of the French soldiers, who died while prisoners during the Franco-Prussian war, should be returned to France.

Emperor William has ordered that this be done with military honors.

RAILROAD MAN SUICIDES

Train Dispatcher McGuire, Dead at EL PASO

El Paso, Aug. 4.--In an unrequited spot on the plaza, Policeman Taylor last night discovered the body of Edward McGuire, a train dispatcher, whose home is in Jackson, Tenn.

An eight-ounce bottle of morphine which was about a third empty, was found in the dead man's pocket. Ten or fifteen grains of poison, enough to kill a half dozen persons, had been taken, and when Dr. D. H. Huffaker reached the victim he was too late to be of any service.

McGuire, from papers in his possession, had been recently stationed at Tucson, Ariz., and left there only Tuesday for Memphis, Tenn., where it is supposed he was to accept another position. As there were no papers on his person bearing out this assumption, however, it is presumed that he was going back to his home at Jackson, not far from Memphis.

The dead man was an Elk in good standing. A receipt for an express money order for \$5 to the Elks lodge at Jackson was one of his effects. In addition he carried an annual pass for 1905, good on the eastern division of the Missouri Pacific railway.

Yellow Fever Situation Bad

New Orleans, August 4.--The extreme measures which some of the country districts are taking to guard themselves from the yellow fever, threatens to put a stop to traffic and may bring the federal government into the fever situation.

The most radical action thus far taken is that of the police board of Calcasieu, the second largest parish in the state. It has passed a resolution ordering that all travel and intercourse between Calcasieu and points east, north, and west shall cease at once and that no one will be permitted within the limits of the parish until further orders.

In consequence of this order the Southern Pacific has been ordered to run no more trains through Calcasieu, which means the abandonment of the through service of the line to the west.

New cases to noon today, seventeen. Deaths to noon, 4. Total cases, 449. Total deaths to date, 56.

No reports of new cases or deaths from outside New Orleans have been received by the Associated Press today and this seems to indicate that the authorities outside of New Orleans have the situation well in hand.

MISSOURI QUARANTINE

St. Louis, Mo., August 4.--The quarantine order issued by the Missouri health board against districts affected by the yellow fever, will be enforced along the eastern border of the state as far north as St. Louis and along the entire southern border and along the western border as far north as Kansas City.
